News from South Africa by Anne Thompson

On 14 th April 2023 President Cathy de Boer (4 th from the right) and 6 members of this Rotary Club visited Gamalakhe Commercial School to hand over a laptop kindly donated by the Rotary Club of Lutterworth RIBI. In 2022 Rose Chapman a member of Rotary Club of Lutterworth visited this school and was advised of the great need for laptops for the educators to record data. On her return to UK she motivated her Club to donate towards this project and this hand over was the result. The Rotary Club of Hibiscus Coast also added to the excitement of the day by donating a further laptop to the School, making a total of 3 donations to date. Principal Vusi John Myeza (3 rd from the right) and the School Management Team attended the hand over. The College currently has 1035 learners, from Grade 8 to Matric level and boasts excellent results in all fields, with a 97% pass rate in the recent National Matric examinations. Principal Vusi thanked everyone involved in this generous donation. He valued the wonderful partnership with Rotary and assured us that the laptops would enable the educators to help gain even higher results in the future.

Anne is a member of the Hibiscus Coast Club, an ex-president and one time District Governor, she is Rose Chapman's sister. When visiting Rose she always attends Rotary and keeps in touch via the Cog.

Lutterworth Coronation Street Party

Rugby Disabled Sports Competition

On Sunday 30th April the Lutterworth Disabled Sports Team attended the Games at the Diamond Jubilee Sports Centre, Rugby. The team had an enjoyable and successful day coming both 1st and 2nd in the Table Tennis and Boccia competitions.

In addition to the main events there were many "Have a Go" competitions so everyone had ample opportunity to enjoy the day.

The Club recruited and organised the team of 10 competitors under the guidance of John and Carol Roberson. We provided bus transport with Martin Iliffe as our driver and Sue Sharp providing extra help on the day.

The Club were also responsible for organising the Boccia Competition. Using 3 courts and with the help of trained coaches Mark Beeby and Stephen Cooper we successfully completed 30 matches in just over two hours!

Congratulations to all involved.

Misterton Plant, Food and Craft Fair on 21st May

On Sunday 21st May 2023, the Rotary Club of Lutterworth with the kind permission of Mrs Heather Craven held the 16th Annual Plant, Craft & Food Fair at Misterton Hall.

The weather forecast suggested a fine sunny day which in the event proved to be accurate and so stall holders and visitors alike were treated to a very warm and sunny day, perfect for browsing and socialising.

There were approximately 1,300 visitors to the fair and with the usual mix of plant, craft and food retailers, all of whom reported brisk business with enthusiastic visitors. We had a few old country fair favourites such as horseshoe throwing, field skittles and splat the rat, and many participants walked away with a prize.

Around 63 immaculate classic vintage vehicles of special interest driven by their proud owners were on show at the fair, enthralling the visitors with their presentation on the

day. The 1955 Black Austin A50 Cambridge Saloon, owned since 1969 by Mr & Mrs Maruda was deemed to be best in show.

It was a brilliant day, and the Rotary Club of Lutterworth would like to thank Martin Iliffe and his team of Rotarians that were there to support him. All the stall holders for offering such a great retailer experience, the vehicle owners for a super show and all the volunteers who made this event possible. Finally our thanks again to Mrs Craven for allowing us the use of her colourful garden, a great backdrop for the event..
